

FIRST WORD

2022 has taught us a few tough lessons as Pakistan braced for economic uncertainty. We are all witness to the impact of the floods that hit Pakistan during Aug-Sep 2022. Estimated needs for rehabilitation and reconstruction in a sustainable way are at least \$16.3 billion. Our company, remained steadfast in its approach – focusing on business continuity and remaining ever supportive of its valued customer's changing needs.

As always, 2022 was a busy year for all of us. The **Annual Employee Gatherings 2022** was celebrated during September in recognition of the superb team performance demonstrated during the previous FY 2022. During 2022, Pakistan's first and largest wires and cables: PCL E-Store, also marked its **3rd anniversary** by expanding its footprint in 650 cities. Another success was the launch of our first-ever **loyalty club app** for Pakistan's largest Loyalty Club for electricians. As we continued to #ignite possibilities for our users, we also lived up to our vision and contributed to transforming lives. **Donations** towards relief efforts were made to different NGOs on behalf of company employees and Board of Directors, that were fully matched by the company. To all those who contributed to flood relief donation appeal – we thank you! In December, an annual **Safety Day** was flawlessly executed at our SITE factory. We spent a day engaging in lots of fun activities with great lessons on safety.

New year, new goals and of course new newsletter – comes with introduction of 2 new sections. **"One Minute With..."** is a section that features the lighter side of colleagues at work. Another new section is, **"TAPIT"** – featuring views from the corridors on how we are living the company values every day at work. If you wish to be featured or want to see someone featured in any of the new sections, write to us at: brands@pakistancables.com

There are more updates in the latest edition of Newswire so we will leave you to read on. We wish you and your family a prosperous and happy new year.

1 MINUTE WITH

Tell us a bit about yourself and your work?

I was born in a Parsi family and did my schooling and higher education from Karachi. I am married with a daughter. I joined Pakistan Cables in 1994 after completing my ACMA and have been with the company since the past 28 years. Started off in costing department and then moved into treasury. Also worked as Company Secretary for some time.

How did you get into Finance? Was there a defining point in your career, and if so, how did it shape you as a finance specialist?

Since I was not interested in science subjects at school and was good with numbers, I decided to go towards commerce. The defining point in my career was when I got the opportunity to look after the company's Treasury. I always had a childhood desire to work in a bank.

What are you currently reading?

To tell you the truth, I am not an avid reader. In the past I used to read mystery and spy novels. However, I do

read newspapers on daily basis as it not only gives me an idea of what is going on around but also helps in improving vocabulary.

Who is your favorite author and why do you admire them?

Tom Clancy - because they are well written, entertaining and based on real life characters

If, in some Freaky Friday-like situation, you could live the life of another career professional, for a day, who would it be, and why?

None. I am happy being in my own shoes whatever comes my way. One should become the best at what he can be as per his/her strength and interest.

How would you define success? Do you think you've found it yet?

In short, success can be defined as reaching or accomplishing a goal which you have set out to achieve. To me, hard work, self-belief and respect for others will always earn you success.

Marazban Talati
Senior Manager - Finance

1 MINUTE WITH

Tell us a bit about yourself and your work?

I have done my Masters in Environmental Sciences and Bachelor's in Chemical Technology/Engineering. Other than my academics, I am a IMS -Lead Auditor for Quality/OHS&E Management Systems and also Certified Trainer for QHSE Systems Development. I have dedicated almost 21 years of my career to the field of HSE and Sustainability.

We are seeing an increased focus on safety on the floor and at the workplace. What is driving it?

Our team is continuously striving for developing and sustaining safety culture across PCL. We had launched the "SAFETY FIRST PROGRAM" a year ago, using different tools for creating awareness among the shopfloor personnel. Alhamdulillah, the team realize that safety is important for them and their loved ones.

How did you get into HSE? Was there a defining point in your career, and if so, how did it shape you as an HSE specialist?

This an interesting question. during the earlier day in my career, I worked at the Unilever Surf Excel Plant, where I got the opportunity to be part of their SHE and TPM program. At the time i witnessed that the workplace safety and environment at shopfloor is ignored in industries at a national level, and it was need of time to opted for HSE as my chosen path. It was

challenging but rewarding. You see, one of the inspiring things in the HSE field is that our religion also teaches us to help others. Allah Subhan Allah tala praise those individuals who help His people. I am happy that I have chosen HSE field as my career.

What are you currently reading?

Reading books always give inspire me. I am always happy to read OHS Professional and Environmental Conservation literatures. Currently, I am reading Safety Law: Legal Aspects in Occupational Safety and Health.

If, in some Freaky Friday-like situation, you could live the life of another career professional, for a day, who would it be, and why?

If I could choose another career I would be a pilot. As a child flying a plane was very interesting to me and when I became older it's technical aspects amazed me. The way a plane is able to do something incredible that defys gravity leaves me in awe.

How would you define success? Do you think you've found it yet?

To me, success is continuous process of working hard for your pre-defined objectives, passionately.

In life there will many highs and lows, but I always thank the Almighty Allah who always bestowed His blessing on me and my family, either it's in my personal matter or in my professional growth.

حرفِ اول

معزز قارئین،

پاکستان کی غیر یقینی اقتصادی صورت حال کے سبب 2022ء ہمارے لیے سبق آموز سال رہا جس نے ہمیں سخت سبق سکھائے ہیں۔ پاکستان نے اگست سے ستمبر 2022 کے دوران آنے والے تباہ کن سیلابوں کے اثرات بھی دیکھے۔ اور اب، ایک اندازے کے مطابق، مستقل بحالی اور تعمیر نو کے لیے کم از کم 16.3 ارب امریکی ڈالر کی ضرورت ہے۔ ہماری کینی نے اپنے انداز نگہ پر ثابت قدم رہتے ہوئے، کاروبار کے تسلسل پر توجہ مرکوز رکھی اور ساتھ ہی اپنے قابل قدر کسٹمرز کی متغیر ضرورتوں کو پورا کرنے میں بھی ہمیشہ کی طرح معاون رہی۔

ہمیشہ کی طرح، سنہ 2022ء بھی ہم سب کے لیے ایک مصروف سال رہا۔ ستمبر، 2022ء میں ملازمین کا سالانہ اجتماع (Annual Employee Gathering) ہوا جس میں، سال کے دوران، ٹیوں کی شاندار کارکردگی کا اعتراف کیا گیا۔ پاکستان کے سب سے پہلے اور بڑے وائز ایڈ کنبیلو: پی سی ایل ای - اسٹور نے بھی 650 شہروں میں اپنے فٹ پرنٹس کی توسیع کی تیسری سالگرہ منائی۔ ایک اور کامیابی، پاکستان کی سب سے پہلی لائٹنی کلب ایپ کا اجراء تھا جو پاکستان میں الیکٹریٹیشن حضرات کے لیے پاکستان کا سب سے بڑا لائٹنی کلب ہے۔ ہم نے اپنے صارفین کے لیے #amkانات (#ignite) کو روشن کرنا جاری رکھا۔ ہم نے اپنے ویڈیو کے مطابق، زندگی گزارنے اور زندگیوں کو بدلنے میں اپنا حصہ ڈالا۔ امدادی کوششوں کے طور پر، کینی کے ملازمین اور بورڈ آف ڈائریکٹرز کی جانب سے مختلف فلاحی اداروں کو عطیات دینے اور یہ بھی کینی کے ویڈیو کے مطابق تھے۔ وہ تمام افراد جنہوں نے سیلاب سے متعلق عطیہ کی اپیل پر تعاون کیا، ہم ان سب کا شکریہ ادا کرتے ہیں! دسمبر، 2022ء میں ہماری سائٹ (SITE) پروانچ ٹیکسٹری میں تحفظ کا سالانہ دن (Safety Day) صاف تھرے انداز میں اور کسی خرابی کے بغیر منایا گیا اور ہم سب نے پورا دن بہت سی تفریحی سرگرمیوں میں گزارا اور ساتھ ہی تحفظ کے حوالے سے زبردست سبق سیکھے۔

نیا سال، نئے اہداف اور یقیناً ہمارا نیا نیوز لیٹر۔ جس میں دو نئے سیکشن متعارف کرائے گئے ہیں۔ پہلا سیکشن "One Minute With" کے نام سے ہے جس میں ساتھی کارکنان کی زندگی کے ہلکے پھلکے پہلوؤں کو اجاگر کیا جائے گا جبکہ دوسرا سیکشن "TAPIT" کے نام سے ہے۔ اس سیکشن میں، ہم روزانہ کینی کی اقدار کے مطابق کس طرح عمل کرتے ہیں، اُسے اجاگر کیا جائے گا۔ اگر آپ، ان میں سے کسی بھی سیکشن کے ذریعے، اپنی کارکردگی سامنے لانا چاہتے ہیں تو براہ مہربانی ہمیں brands@pakstancables.com پر لکھ کر بھیج دیجیے۔

نیوز دائرے کے تازہ شمارے میں مزید اپ ڈیٹس ہیں لیکن یہ ہم آپ پر چھوڑتے ہیں کہ آپ خود تلاش کیجیے اور پڑھیے۔ ہم آپ کو اور آپ کے اہل خانہ کو نئے سال کی مبارک باد دیتے ہیں اور نیک تمناؤں کا اظہار کرتے ہیں۔
