PAKISTAN CABLES' BIANNUAL NEWS BULLETIN

FIRST WORD

Dear Readers.

This is our second edition highlighting updates from Pakistan Cables during the pandemic. During the second half of the year, the Pakistan Cables team worked enormously hard to ensure that the adopted staggered work from home approach did not impact business continuity amid rise in COVID19 cases nationwide. We maintained vigilance to ensure that our team strictly followed SOPs with scrutiny on HSE matters at every level.

In the current issue, you will observe that despite the obstacles faced in the midst of the pandemic, we continue to focus on supporting the interests of our valued stakeholders. 'Bari Azadi Offer', an exclusive promotion for the Pakistan Cables Loyalty Club received a massive response from electricians nationwide. We have also been promoting the Pakistan Cables' WhatsApp number that offers various facilities to our customers widely including product verification, points submission, dealer location and much more. It has also proved instrumental in connecting with customers, especially during the pandemic.

In September, **Pakistan Cables' e-store** successfully completed its 1st year of smooth operations. The Honorable President of Pakistan, Mr. Arif Alvi, also awarded the 8th FPCCI Achievement Award to the Pakistan Cables' e-store for [innovation in our sector]. I'm extremely proud of this achievement. Today it is a benchmark for the wires and cables industry with a geographical foot print across 50+ cities in Pakistan.

We are extremely grateful to all our employees and customers for the support, understanding and trust which they have continued to bestow on us during the pandemic. As we enter the next wave of working through COVID-19, I remain optimistic and am hopeful that the worst is behind us.

2020 has been a significant year as it has reshaped our lives significantly. As we look towards 2021, I pray that it brings with it newer opportunities for growth and prosperity for everyone.

Warm Regards,

FAHD K. CHINOY
CHIEF EXECUTIVE OFFICER

PINKTOBER

In October 2020, Pakistan Cables celebrated Pinktober to create awareness among the employees regarding Breast Cancer. A special session was conducted by Shaukat Khanum Memorial Cancer hospital on breast cancer awareness via Zoom.

SAFETY AT RETAIL CVVID-19

'Safety Measure against Covid-19' posters, deployed especially designed to educate dealers and electricians, at retail. The initiative was appreciated by the dealers as most of them had been pasting handmade instructions on their shops to practice caution and prevention while dealing with customers.

TECHNICAL WEBINAR SERIES CONDUCTED FOR ENGINEERING UNIVERSITIES

Four webinars were conducted for the students of NED University, NUST (Karachi and Islamabad campuses) and Bahria University (Islamabad campus). Over 200 students attended the four webinars. Topics covered included: Increasing building safety with Low Smoke Zero Halogen Cables (LSZH) and Cable size selection and installation. Post webinar survey among students indicated 92% respondents rated the Webinars as 'worth my time'.PCL is the first Company to launch an exclusive Webinar series catering to the students, within its category. Speakers of the PCL Webinar Series include: Mr. Rao Salman (GM Sales), Mr. Shahab Alam (Head of Sales South - Projects & Commercial) and Mr. Salman Tahir (Manager Project Sales) supported by Mr. Salman Anjum (Assistant Manager Sales).

NEW HSE BRAND IDENTITY LAUNCHED

A new brand identity for the Health, Safety, and Environment (HSE) was rolled out internally, as part of the ongoing evolution of 'safety first' culture in the Company. The revamped logo reflects the three key elements of HSE. The symbol combines health (depicted by the heart), safety (depicted by the shield) and environment (depicted by the leaf). The roll out was launched at the factory among all Zonal and departmental heads where the CEO emphasized for the need to drive HSE's commitment at work. This was followed by an internal announcement among staff over email. Key outdoor signage and collaterals revised per the new guidelines during December.
